FOR IMMEDIATE RELEASE

Echocardiography Experts Receive Special Distinction

Morrisville, NC – The American Society of Echocardiography (ASE)’s FASE Committee and its Board of Directors are very pleased to announce that 20 members have been newly designated as a “Fellow of the American Society of Echocardiography” (FASE).

This special distinction, FASE, is conferred by the Society to recognize a member’s distinguished stature, their diverse set of skills and comprehensive knowledge of all aspects of echocardiography. It is bestowed on those who have achieved the highest level of contributions to the cardiovascular ultrasound medical field in areas of teaching/education, volunteerism/leadership and research.

The FASE application process is open to all physicians, research scientists and sonographer members throughout the world who have completed their training. This program was established in 2001 and less than 8% of ASE members have earned this prestigious designation. The Society created this distinction to recognize dedicated leaders who have made exceptional efforts to further cardiovascular ultrasound and improve patient care.

Listed below are the newest FASE members from the April 2015 cycle.

Nausheen Akhter, MD, FASE
Northwestern University Chicago, Illinois

Craig Asher, MD, FASE
Cleveland Clinic Florida Weston, Florida

Anne Bello, RDMS, RDMS, BS-HCA, FASE
South Miami Hospital Miami, Florida

Himani V. Bhatt, DO, MPA, FASE
Mount Sinai Medical Center New York, New York

Nicole M. Bhave, MD, FASE
University of Chicago Medical Center Chicago, Illinois

Mary J. Craft, RDMS, FASE
University of Nebraska Medical Center Omaha, Nebraska

Rameshchandra Dabhi, MD, FACC, FASE
State University at Stony Brook School of Medicine Stony Brook, New York

Latha V. Doshetty, RDMS, FASE
Mercy Medical Center Chicago, Illinois

Hector Garcia, RDMS, RDMS, RVT, RPVI, FASE
Dade Medical College Miami, Florida

Danielle Marie Henkel, MD, FASE
NIA Magellan Health Services Maryland Heights, Missouri
Members who attain FASE have achieved rigorous credentialing and educational levels and have submitted documentation of their contributions and recommendation letters attesting to their commitment to the advancement of the profession. Candidates undergo an intensive application process that culminates in a vote of approval by a committee of leaders in the field of cardiovascular ultrasound.

Once candidates have attained this designation, they are eligible to serve on ASE’s Board of Directors, among other activities. The Society’s public information website, www.SeeMyHeart.org, lists Fellows of the American Society of Echocardiography by state/country as a service to the public.

As the largest global organization for cardiovascular ultrasound imaging, the American Society of Echocardiography is the leader and advocate, setting practice standards and guidelines. Comprised of over 16,000 physicians, sonographers and scientists, ASE is a strong voice, providing guidance, expertise and education to its members with a commitment to improving the practice of ultrasound and imaging of the heart and cardiovascular system for better patient outcomes. For more information about ASE, visit www.asecho.org or ASE’s public information site, www.SeeMyHeart.org
