2021 Abstract Submission Application

Getting Started

Create Password *
For security purposes, please create an application password.

You will be asked to confirm this password & the submitter email address before submitting each part of your abstract application. A new password will be required for each application you submit. You will also reference this password if you ever need to update your application.

Passwords can contain numbers, letters, & special characters.

Terms of Agreement

*All submitted material is original. I understand that abstracts that appear to be replicate versions of a single study and/or contain identical or nearly identical data from the same institution and/or individuals will be rejected.

*This material has not been presented at a U.S. national or international meeting held in North America prior to the ASE 32nd Annual Scientific Sessions.

*No manuscript based on this submitted material has been or will be published prior to the ASE 32nd Annual Scientific Sessions.

*If accepted for presentation, I agree that this work is embargoed for release until date and time of presentation at the ASE 32nd Annual Scientific Sessions and that failure to honor embargo policies will result in the work being withdrawn and barred from presentation.

*I affirm that the study summarized in this abstract has been reviewed and approved by an Institutional Review Board (human studies) and/or an Institutional Animal Care and Use Committee, and that it is in compliance with the principles of the Declaration of Helsinki of the World Medical Association and the guidelines of the American Association for the Advancement of Science on the responsible use of animals in research.

By checking this box, you agree to all of the above statements. *

Submitter Contact Information

This information will be used for all communication regarding your abstract submission and confirmation of a successful submission.

First Name *

Last Name *

Phone Number

Street Address *

City *
State/Province (If applicable)

Primary Author: Additional Information

Primary Author: What category best describes you? *
Is the Primary Author an ASE Member? *

- Yes
- No

Statement of unapproved or investigative use: *

- YES, I will be discussing/presenting an unapproved or investigative use of a commercial product or service
- NO, I not be discussing/presenting an unapproved or investigative use of a commercial product or service

If yes, please describe the product or service:

Co-Author Information

The following information is required for each additional author:

(1) First Name, (2) Last Name, (3) Credentials, (4) Organization/Institution

Co-Author #1 First Name

Co-Author #1 Last Name

Co-Author #1 Credentials

Co-Author #1 Organization/Institution

What category best describe Co-author #1?

Select or enter value

Is Co-author #1 an ASE Member?

- Yes
- No

Statement of unapproved or investigative use:

Please answer on behalf of the co-author in question.

- YES, I will be discussing/presenting an unapproved or investigative use of a commercial product or service
- NO, I not be discussing/presenting an unapproved or investigative use of a commercial product or service

Co-Author #1 If yes, describe the product/service

Co-Author #2 First Name

The following information is required for each author: (1) First Name, (2) Last Name, (3) Credentials, (4) Organization/Institution
Co-Author #3 First Name
The following information is required for each author: (1) First Name, (2) Last Name, (3) Credentials, (4) Organization/Institution

Co-Author #4 First Name
The following information is required for each author: (1) First Name, (2) Last Name, (3) Credentials, (4) Organization/Institution

Co-Author #5 First Name
The following information is required for each author: (1) First Name, (2) Last Name, (3) Credentials, (4) Organization/Institution

Do you have additional co-authors to list? *

☐ Yes  ☐ No

Abstract Information

Quick Tip: There are two scroll bars on this page. One is located to the far right of the page, and another is located directly beside the form. Be sure to use the scroll bar closest to the form to move the form up and down.

Abstract Title

Key Guidelines for your Abstract Title:

* Do not use all capital letters.
* Do not include authors or institutions. If you do, they will be removed.
* Do not put a period at the end.
* Do not use abbreviations.

Note that the title does not count toward the maximum character limit for this submission.

Example:
This is a Properly Formatted Abstract Title

Enter the title of your abstract below. It should be brief, clearly indicating the nature of the content. *

Abstract Topic

Please choose the primary category and subcategory for your abstract using the drop-downs below.

Please use the drop-down list below to select the primary category that is most appropriate to the subject of your abstract. Choose Topic Category (Required: 1)

Select

Enter Abstract Content Below

Use the link below to upload any images/graphics/tables associated with your abstract. You may upload (3) tables and/or graphics at maximum.

Reminder

You MUST click the SUBMIT button below to submit your abstract information. If you navigate away from this page prior to submitting, this section will reload and you’ll have to re-enter the information above.
Abstract Disclosure Agreement Form

Please submit a disclosure agreement form for each author. This form will reload each time you hit submit.

It is the policy of the American Society of Echocardiography (ASE) Continuing Medical Education Program to ensure balance, independence, objectivity and scientific rigor in all its sponsored or jointly sponsored educational activities. All faculty participating in any ASE sponsored activities are expected to disclose to the audience any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the presentation topic, including relationships with biomedical device manufacturers, or other corporations whose products or services are related to the subject matter. All slide and handout materials must be free from pharmaceutical identification and trade name of drugs so as to avoid the appearance of commercial bias.

Use of the aforementioned identification material will be viewed as a violation against the Essentials and Standards of the ACCME, compromising the scientific balance of the program and offering bias to the presentation. The intent of this policy is not to prevent a speaker with a potential conflict of interest from making a presentation. It is merely intended that any potential conflict should be identified openly and resolved prior the activity.

Abstract Presenter First Name *

Abstract Presenter Last Name *

Instructions

Disclosure of Financial Relationships

ASE policy requires review of disclosure information for potential conflicts of interest and resolution mechanisms that will eliminate the potential perception of bias with respect to your role in this CME activity. The potential for bias occurs when individuals have both a financial relationship with a commercial interest and the opportunity to affect the content of CME about the products or services of that commercial interest. To eliminate the potential for commercial bias in its educational activities, ASE requires all faculty members to disclose relationships that directly relate to the subject matter of their assigned presentation topic(s). If you refuse to disclose relevant financial relationships, you will be disqualified from being a part of the planning and implementation of this CME activity. The ACCME defines a commercial interest as any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients, with the exception of nonprofit or government organizations and non-health care-related companies. Providers of clinical services directly to patients are not considered a commercial interest.

Disclosure *

Within the past 12 months, I and/or my spouse/significant other have received support from or had a relationship with the following commercial interests (indicate all that apply) that may have a direct bearing on the subject matter of my presentation topic(s). Disclosure should include relationships in any amount.

☐ I have no disclosure to make
☐ My spouse/partner has no disclosures to make
☐ I have the following relationships to report:

Please describe any additional relevant disclosure below:
Date:  *

Confirm Application Password *
Please enter the application password in which this disclosure form is being submitted.

Submit
2021 Arthur E. Weyman Young Investigator's Award Competition

*Supported by the National Board of Echocardiography and the ASE Foundation - additional manuscript required.

Young investigators under the age of 40 who are no more than five years from the end of their training are eligible to participate in this annual competition named in honor of Arthur E. Weyman, MD, FASE, first president of the National Board of Echocardiography (NBE) and supported by a grant from NBE to the ASE Foundation. Four finalists will be selected to present their work to a panel of distinguished research experts during the ASE 32nd Annual Scientific Sessions. Complimentary meeting registration, travel support, and monetary prizes for all finalists are provided by the ASE Foundation.

• Investigators must submit an abstract of original work as well as an additional brief manuscript of up to 1,500 words to be considered for the competition.

• The use of tables and graphics within the additional manuscript is limited to a maximum of (2) graphics and/or tables in total.

Do you want your work to be considered for the 2021 Arthur E. Weyman Young Investigator's Award Competition? *

*Completed abstracts not selected as finalists in the competition are automatically considered for general presentation.

☐ Yes    ☐ No

Use the text box below to enter the body of your additional manuscript.
Investigators must submit an abstract of original work as well as an additional brief manuscript of up to 1,500 words to be considered for the competition.

2021 Brian Haluska Sonographer Research Award Competition

*Supported by the ASE Foundation - no additional manuscript required.

Sonographer investigators who served as the primary investigator on their project of original work are eligible to participate in this competition to highlight sonographer-led research.

Consideration for the Brian Haluska Sonographer Research Award Competition is optional. Investigators who are not eligible or who do not wish to be considered for the competition may leave this question unanswered and their submission will be considered for general presentation only. View the eligibility requirements below.

• Sonographer investigators (non-physicians) who served as the primary investigator on their
project of original work are eligible to participate.

• Applicants must hold echocardiography certification from ARDMS or CCI, or an equivalent international sonography certification.

Abstracts not selected as finalists in the competition will automatically be considered for general presentation.

Do you want your work to be considered for the 2021 Brian Haluska Sonographer Research Award Competition? *
