

Specifics on Supporting Letters (3 Letters are Required)

Supporting letters must reflect the FASE requirements and be submitted from ANY of the following sources:

1. A current FASE member
2. ASE Board of Directors member, Committee or Council Board Member
3. Officer of a local, regional, national, international cardiovascular ultrasound society
4. Faculty of an accredited cardiovascular ultrasound program or physician training program
5. Medical director of an echocardiography laboratory/program
6. Technical director of an echocardiography laboratory/program

Providing examples to the individuals writing your letters of support will assist them in confirming your activities (include specific examples).

Sample statements for letters of recommendation regarding how you meet the professional activities:

Education: *Dr./Mr./Ms. X has spoken every year at our regional echo conference since 2015. He/she also sits down with the lab personnel to update us on what he/she has learned after attending a national conference."*

Research: *In the last five years, Dr./Mr./Ms. X has been first author on three echo related research articles published in JASE.*

Leadership/Volunteerism: *Dr./Mr./Ms. X spearheaded the effort to start a local echo society and continues to serve as an officer; Mr./Ms. X is a busy sonographer who still finds time to provide free screening to the public on cardiovascular disease.*

Please address all supporting letters to: *FASE, Training & Certification Advisory Committee.* Upload all supporting letters to the FASE application in the ASE Member Portal or email directly to FASE@ASEcho.org.
