

## Scientific Sessions 2026 – Friday, June 26

**Exhibit Hall: 12:30 - 6:00 PM**

	Plenary Aurora A	Education Room 3 Aurora B	Education Room 2 Aurora C	Education Room 4 Summit 8&9	Education Room 5 Crest 1&2	DIY Room Summit 6&7	Poster Presentation Area	S&T #1	S&T #2
8:00 – 9:00 AM	<b>Cor et Machina: AI in Echo Innovation</b>	<b>When in Colorado... From Mountains to Sea: Adaptation to High Altitude and Pulmonary Hypertension</b>  <i>Peds/Critical Care (Joint Session with Chinese SE)</i>	<b>Challenging Echos and Decision Making in Single Ventricles</b>  Pediatrics	<b>Aortic Disease Across the Lifespan</b>  Circ/Vasc	<b>Abstract Session #1</b>	<b>HCM DIY Patients</b>			
15 min	Transition								
9:15 - 10:15 AM	<b>POCUS and Access to Healthcare**</b>  <i>Critical Care/Ischemia Kerber/Kirkpatrick Lecture</i>	<b>Pericardial Pathology: Multimodality Imaging is Knocking</b>  Myocardial/HCM	<b>Timeless Wisdom from the Trailblazers of Congenital Heart Disease</b>  Peds/ACHD	<b>Expanding Role of Ultrasound Enhancing Agents in Cardiovascular Imaging</b>  Imaging Essentials	<b>Abstract Session #2</b>	<b>HCM DIY Patients</b>			
15 min	Transition								
10:30 – 11:30 PM (60 min)	<b>Stress Test Reset: To Ischemia and Beyond!</b>  <i>Ischemia/Critical Care (EACVI)</i>	<b>Obstructive HCM: How Imaging Guides Therapy</b>  Myocardial/HCM	<b>The Future is Here: Expanding the Role of 3DE in Pediatric Interventional Guidance and Surgical Decision Making</b>  Pediatrics	<b>SHOWCASE</b> (11:15 - 12:45)	<b>IAC Quality Improvement Bootcamp</b>	<b>UEA DIY - US guided IV Placement (No Models)</b>  <b>CLASSROOM SETUP</b>			
15 min	Transition								
11:45 - 12:45 PM (60 min)	<b>Don't Be So Stiff: A New Look at Diastolic Problems (Joint Session with JSE)</b>  Myocardial/HCM	<b>Rocky Mountain Peaks: Evaluation of Dynamic LVOT Obstruction</b>  Imaging Essentials	<b>Tetralogy of Fallot, a 350 Year Journey: What is New in Imaging from the Fetus to the Adult</b>  Pediatrics		<b>Ergonomics in Cardiac Ultrasound: Eliminating WRMD in Sonography</b>  Practice of Echo	<b>DIY Tricuspid Valve Dz (No models)</b>			
60 min	<b>Lunch Break</b>								
12:30 PM	<b>Exhibit Hall Opens @ 12:30 PM</b>							<b>S&amp;T #1</b> 1:00-2:00 PM	<b>S&amp;T #2</b> 1:00-2:00 PM
1:45 - 2:45 PM (60 min)		<b>Shark Tank**</b>	<b>Pediatric Business Meeting</b> 1:45 - 2:00 <b>Pediatric Jeopardy!</b> 2:00 - 2:45  Pediatrics	<b>Role of Echocardiographic Phenotyping and AI in the Critically Ill</b>  Ischemia/Critical Care	<b>Not to Put too Fine a Point On It: Common Pitfalls in TAVR Imaging</b>  Imaging Essentials				
15 min	Transition								
3:00- 4:30 PM (90 min)	<b>ASE Opening Plenary</b>								
4:30 - 6:00 PM	<b>President's Welcome Reception</b>						President's Circle		
6:30 – 9:00 PM	<b>Past Presidents / Satellite Symposia / International Reception</b>								

Scientific Sessions 2026 – Saturday, June 27th

Exhibit Hours: 10:00 AM - 5:30 PM

	Plenary Aurora A	Education Room 3 Aurora B	Education Room 2 Aurora C	Education Room 4 Summit 8&9	Education Room 5 Crest 1&2	Education Room 6 Valley 1	DIY Room Summit 6&7	SHD Bootcamp / Learning Labs Summit 10&11	S&T #1	S&T #2	Poster Presentation Area	Experience Hub Aurora D	
7:30 - 8:30 AM (60 min)	<b>Imaging the Athlete's Heart: Diagnostic Dilemmas and Decision Pathways</b> Myocardial/HCM	<b>Aortic Valve Disease: from Diagnosis to Intervention (Kalmanson Lecture)</b> IE/Valve/SHD	<b>Diastology is Back!</b> Pediatrics	<b>Workforce Survey Results</b>	<b>LA Appendage</b> Virtual Reality	POCUS							
15 min	Transition												
8:45 - 9:45 AM (60 min)	<b>Where Pictures can Paint a Thousand Words: Optimizing and Enhancing Cardiovascular Care for All (Gardin Lecture)</b> Practice of Echo	<b>The Right Stuff: RV Assessment and Role in Clinical Decision-Making</b> Myocardial/HCM		<b>Stop the Wedge: Critical Care Echo Instead of PA Catheters in the CICU</b> Critical Care/Ischemia	<b>Multimodality Imaging in Pregnancy-associated Vascular Complications</b> Circ/Vasc								
15 min	Transition												
10:00 AM	<b>Exhibit Hall Opens</b>												
10:00 - 11:00 AM (60 min)	<b>Great Debates in Imaging-Guided LAA Occlusion and Exclusion</b> IE/ Valve/SHD	<b>The Landscape of Multimodality Imaging in Pulmonary Embolism</b> Circ/Vasc	<b>Challenging Fetal Cases for Heated Discussions</b> Pediatrics	<b>Abstract Session #3</b>	<b>Council Business Meetings</b>					<b>Strain in Cardio-Oncology: Old Debates and New Applications</b> Myocardial/HCM	<b>Late Breaking Science</b>	<b>Poster Session</b>	<b>Local Society Jeopardy REGIONALS</b>
15 min	Transition												
11:15 - 12:15 PM (60 min)	<b>Charting the WASE of Roberto Lang: The Influence and Legacy of Il Maestro of Echo **</b>		<b>Abstract Session: Pediatrics #1</b> Pediatrics / ACHD	<b>Abstract Session: Valvular / IE</b> IE/Valve/SHD	<b>Abstract Session: Myocardial</b> Myocardial/HCM			<b>DIY LAA Occluder Devices (no models)</b>	<b>3D SHD Workshop (10:00 - 1:00 PM)</b>			<b>Poster Session</b>	<b>Late Breaking Rapid Fire</b>
12:15 - 1:30 PM	<b>Lunch – Visit Exhibit Hall and Rapid Fire Posters – 75 minutes</b> <b>How to Get Involved in ASE</b>												
1:30 - 2:30 PM (60 min)	<b>Echo Evaluation of Mechanical Circulatory Support: How Do the Guidelines Help Us?</b> Critical Care/Ischemia	<b>Weyman YIA and Feigenbaum Lecture Scholar Recognition** 1:30 - 3:30 PM (120 min)</b>		<b>Understanding Mitral TEER procedure and imaging</b> Imaging Essentials/IE	<b>The Data Doesn't Add Up: Critical Thinking in the Echo Lab</b> Practice of Echo				<b>PEDS Learning Lab - 3D (1:30 - 3:00 PM) GE/Philips Hub</b>			<b>Poster Session</b>	
15 min	Transition												
2:45 - 3:45 PM (60 min)	<b>Letter-Perfect Lacerations: Imaging the ABCs of Transcatheter Electrosurgery (Joint Session with SCCT)</b> IE/Valve/SHD / Myocardial				<b>ASD &amp; PFOs</b> Virtual Reality				<b>Mismatched Valves: Patient Prosthesis Mismatch</b> ACHD/IE/ Valve/SHD	<b>And the Hypertrophy Disappears? Decreasing LVH in Obstruction in Cats and Humans</b> Vets/Myocardial/HCM	<b>Poster Session</b>		
3:45 - 4:30 PM	<b>Close hall</b>												
4:30 - 5:30 PM (60 min)	<b>Echo World Cup</b>	<b>AI and Automation Today: The Real Truth</b> Innovation	<b>Next-Gen Pediatric Echo: What is New in 2026</b> Pediatrics	<b>Read with the Experts: Optimize, Troubleshoot, Diagnose: Practical Tips for Challenging Echo Exams</b> Imaging Essentials	<b>Is a Career in Interventional Echocardiography Right for Me?</b> IE/ Valve/SHD			<b>PEDS Learning Lab - Strain (3:30- 5:00 PM) GE/Philips Hub</b>			<b>Poster Session</b>	<b>Cases from Around the World</b>	
60 min	FREE TIME												
6:30 - 11:00 PM	<b>Gala</b>												

Scientific Sessions 2026 - Sunday, June 28

Exhibit Hours: 9:00 AM - 2:00 PM

	Plenary Aurora A	Education Room 3 Aurora B	Education Room 2 Aurora C	Education Room 4 Summit 8&9	Education Room 5 Crest 1&2	Education Room 6 Valley 1	DIY Room Summit 6&7	SHD Bootcamp / Learning Labs Summit 10&11	S&T #1	S&T #2	Poster Presentation Area	Experience Hub Aurora D	
7:00 - 8:00 AM (60 min)	Next Gen Echo: Precision, Performance, Progress, and the Future of Echocardiography Innovation	What LA Strain Reveals About the Heart: A Practical Guide to Imaging and Interpretation Imaging Essentials	I can See Clearly Now: Navigating Discrepancies in the Pediatric Echolab Pediatrics	Building Efficient Echo Lab and Creating Educational Pipeline Practice of Echo	Reaad and Crop with the Experts: SHD	Veterinary Abstract Showcase Veterinary	Aortic Valve Interventions Virtual Reality						
15 min	Transition												
8:15 - 9:15 AM (60 min)	Clinical Dilemmas - Repair vs Replace: Case-Based Decision Making in the Operating Room IE/Valve/SHD	POCUS and Screening for Rheumatic Heart Disease** Practice of Echo (WHF) Khandheria Global Lecture	Pump Up Your Echo Lab: Assesseing the Heart During Failure and Recovery in Children with VADs Pediatrics	Abstract Session: Critical Care Ischemia/Critical Care	Scan/Read with Me: Beyond the Standard Views: Fundamentals for Advanced Imaging (Strain & 3D) Imaging Essentials	Aortic stenosis: managing the grey zone in two- vs. four-legged patients Veterinary	ASD & PFOs Virtual Reality	SHD Bootcamp (7:30 - 10:30)				Local Society Jeopardy FINALS (Experience Hub)	
9:00	Exhibit Hall Opens												
9:15 - 9:45 AM	Visit Exhibit Hall and Posters - 30 minutes												
9:45 - 10:45 AM (60 min)	The Heart Team in Action: AFIB** Practice of Echo	Brian Haluska Sonographer Research Presentations - Scholar Recognition ** (9:45 - 11:15 AM) (90 min)	Under Pressure: Stress Echo in the Pediatric Echo Lab Pediatrics			Right Heart in Humans, Horses, Dogs, and Cats (Oh My!) Veterinary	Applications-LA and RV Strain Models		Amyloidosis 201: Beyond the Cherry on Top Myocardial/HCM	Abstract Session: Valvular / IE IE/Valve/SHD	Poster Session		
15 min	Transition												
11:00 - 12:00 PM (60 min)	The Heart Team in Action: Navigating Complex Structural Interventions ** IE/ Valve/SHD		A Deep Dive Into Ebstein Anomaly Across the Lifespan Pediatrics	Echocardiography and Endocarditis in the Modern Era Ischemia/Critical Care	Scan with Me Pediatrics	Stump the experts! Human/vet challenge Veterinary	DIY Vascular Patients	LA Appendage Virtual Reality			Poster Session	Cases from Around the World	
12:00 - 1:30 PM	Lunch - Visit Exhibit Hall and Rapid Fire Posters - 90 minutes International Relations Luncheon - Invitation Only												
1:30 - 2:30 PM (60 min)	On the cutting edge of Structural Heart Disease Imaging and Interventions: Road to the Future (In partnership with CRF) Innovation	Educator's Summit: Hands-on Strategies for Sonographer Educators	Looking Through the Same Lens: Integrating Pediatric Cardiology and Neonatology for Optimal Hemodynamic Care in the NICU Pediatrics	Echo QI: Creating Consistency in Multi-Site Lab Systems Practice of Echo	Scan with Me: Carotid and Transcranial Ultrasound Circ/Vasc	Interventional transesophageal echocardiography in dogs and cats Veterinary	DIY Peds Patients	ACHD Virtual Reality		Industry 12:30 - 1:30	Industry 12:30 - 1:30	Rapid Fire & Poster Session	
15 min	Transition												
2:45 - 3:45 PM (60 min)	Women in Echo: The XX Factor in Cardiovascular Ultrasound: Echoes of Sex-based Differences Imaging Essentials	Tricuspid Valve Imaging for Transcatheter Therapies: The Essentials (Joint with EACVI) IE/ Valve/SHD	Abstract Session: Pediatrics #2 Peds/ACHD	QI in the Echo Lab: Onboarding, Lifelong Learning, and Career Ladder Practice of Echo	Multimodality Imaging in Vascular Practice Circ/Vasc	Left atrial size and function in humans and other animals Veterinary							
3:45 - 5:00 PM	Adjourn												
5:00 - 8:00 PM	Faculty / IRT / YIA / Past Presidents Reception
